“Jesus Sends Out His Disciples”

Mark 6:7-13

1. Jesus does not pause from his mission, even when we’re under a quarantine. He cannot be quarantined. What are ways that God could use a circumstance like this to draw people to himself? How have you seen God work during this time?
2. We might be stuck in our houses, but we can still be sent “out” by Jesus. What tools or resources do you have to be an ambassador of Jesus? How might you be able to use those tools for his sake? What are some ways Christians could undermine the mission of Jesus in a time like this?
3. Jesus’s disciples *said what He said* and *did what He did*. What messages are central to Jesus’s teaching? How did his words and deeds work together? When have you seen an effective combination of words and deeds which pointed others to Jesus? Describe what made it effective.
