Library News

By Kristi Laster

NEW BOOKS! The library fund has made it possible to purchase several new sets of books by Wanda Brunstetter, Beverly Lewes, Karen Kingsbury and Ted Dekker.

The Ted Dekker series, called The Circle, includes the books: Black; White; Red; and Green. There are three series by Wanda Brunstetter. One set includes: A Sister's Secret; A Sister's Test; and A Sister's Hope. Another set includes: Brides of Webster County; Going Home; On Her Own; Dear To Me; and Allison's Journey. This series is bound into one book as well as the third set. The third series also includes three books: The Storekeeper's Daughter; The Quilter's Daughter; and The Bishop's Daughter.

The set by Beverley Lewis is the set called, The Courtship of Nellie Fisher, which includes The Parting; The Forbidden; and The Longing. Karen Kingsbury has written a series called The Sunrise. This set includes the books: Sunrise; Sunset; Summer; and Someday. These have all been processed and are on the shelves in the library. Virginia Kern has previewed a few of them and says they are so good, she just can't put them down. Keep looking for new books to be added in the coming year.

Bibles for Prisoners

By Kristi Laster

We have given to date 111 bibles since April of 2009. Many letters of thanks have been received along with questions about salvation, the love of the Lord and many, many others. We will never know the seeds that have been sown and how much will be in the harvest of souls as a result of these gifts. Each bible is requested in writing by the individual prisoner. What a blessing that we have been able to give the book of salvation when they ask for it. This continues to be an ongoing ministry. We have recently sent bibles to some women in prison. Until last month, all but one of the bibles have been for the men. Isn't that exciting news! Praise God for your willingness to share His Word with these souls!

Book Review: "Fireproof" (Book & Movie)

By Kristi Laster

This book and movie are excellent in every way. If you have not read the book or seen the movie, I urge you to do so soon. This story starts with a marriage in trouble. The outlook is bleak and seems headed for divorce. The husband, played by Kirk Cameron, turns to his father to find out how their relationship had stayed so strong. To his surprise, he discovers that his father had gone through the same problems he was now facing. Discover the 40 day love journal for yourselves. It is both touching and challenging and can strengthen every marriage as you learn about unconditional love. They come highly recommended as a must for everyone

One Day at a Time... By Renee Compston

This was something my Dad always said. He didn't mean that we shouldn't plan for things in the future but, that we simply can't get too wrapped up in them. This is something I have to remind myself of frequently as we prepare for Mission 2010!

There is much to praise God for too! We continue to see financial donations come in to help cover the cost of our airline tickets. We are also blessed to have been able to give the fundraising aspect of the trip to Mart & Sherry Timmer. They, along with Mark & Bev Aman, will be brainstorming and heading up future efforts to raise the rest of the money needed.

Thanks for your continued prayers!
