

Gospel Centered Children's Ministry

Church Ministries Conference, Workshop Session #2

Saturday, March 12, 2016

Becki Watson, Wyoming Park Bible Fellowship

What discourages you in your ministry?

Symptoms of Gospel Anemia:

--	--	--	--

No matter what your _____ is, rest assured that the _____ is the cure.

A gospel centered ministry starts with a gospel centered _____.

Take Some Gospel Steroids:

--	--	--	--

**Which steroid is most bitter to you?*

What Gospel Steroids Do:

--	--	--	--

Gospel Medicine for Your Ministry:

--	--	--	--

What Gospel Medicine Does:

--	--	--	--	--

How (Not) To Assess Your Ministry:

How To Assess Your Ministry:

**Remember to start with You.*

- How often do you find yourself explaining the gospel?
- How often is the gospel presented within your Children's Ministry?
- Are the kids in your ministry able to articulate the gospel back to you?
- How does the gospel influence your planning?
- Are you training your volunteers to lead a child to Christ?
- Which is a more common big idea in your teaching: What a child should do, or what Christ has done?
- What is the purpose of the Christmas Program, VBS, etc.?
- Can your kids tell that you love the gospel?
- How often are you convicted by your own lessons?
- What are you most insecure about on "Bread Truck Monday"?

Signs of Gospel Health:

- Guaranteed
 - You will notice spiritual growth in yourself.
 - You will face opposition.
 - Some kids/people will not like your ministry.
 - You will love the gospel more than you ever have.
- Possible
 - Kids will get saved.
 - Kids and Volunteers will grow spiritually.
